

Automated Transparent & Efficient e-Procurement

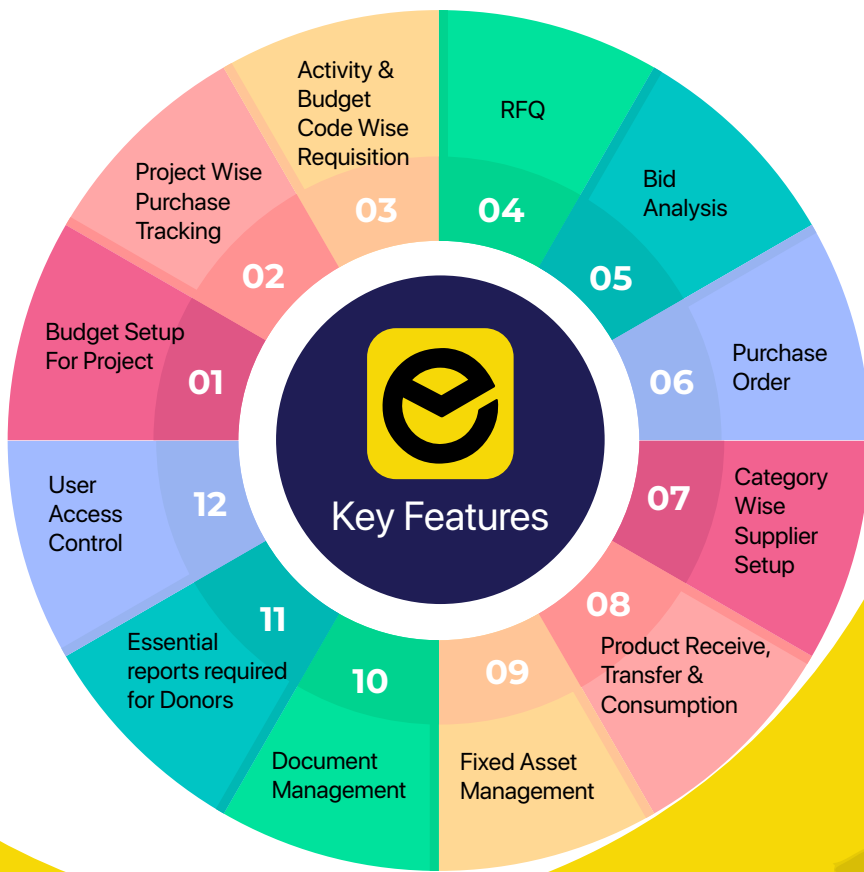

Brief Introduction:

BizEx Limited is a global business venture, specialized in ICT solutions and run by experienced professionals. BizEx has established itself as a reliable software company through its commitment and dedication towards quality, innovation and customer satisfactions. The company is specialized in software solutions that provide competitive advantage by improving decision making process and enhancing business performance of customers.

BizEx has so long been continuously working with modern technologies and devices to support its customers. Equipped with strong team of experienced professionals, BizEx has a unique approach towards continuous training and development of human resources to adapt with the ever increasing market demands of the local and global village.

With its branch office in Dhaka, Bangladesh BizEx proved it's success within very short period of time in building long term relationship with a number of leading local and international clients (Bangladesh, Uganda, South Sudan, USA and UAE etc).

BizEx Limited has innovated a new eProcurement system '**eshteri**' for organization, who are implementing various projects under different donors in South Sudan. By using the system, organizations can meet the requirement for donors and can generate essential reports. Our unique features like -project wise purchase tracking, activity & budget code wise procurement made us popular in NGO management system service in East Africa.
