## MESSAGE FROM PRESIDENT

We have been striving to provide reliable and durable plumbing fixtures mainly sanitary wares for a long time. With the aim of meeting the customer's severe cost and quality demand, attaining optimum productivity, and enhancing manufacturing efficiency, the company has constructed international trading network with many Asian & African nations. We are focusing on providing the reasonably priced products and services which give customers satisfaction with our strength, mobility and responsiveness. As a manufacturer of a durable good consuming water and electricity, I believe that manufacturing gentle-to-earth products is effective and essential to contribute to society and heighten the corporate value. Setting our mind with the customer's stand point and work in one team toward realization of the customer's voice is, I think, the best way for ASAHI EITO to survive this stiff competition.
